This Driving Miss Daisy Senior Services Franchise has been operating on Vancouver Island for the past 13 years. It services Seniors and Disabled individuals from Nanoose Bay to Deep Bay, commonly known as Oceanside. The service provides safe, reliable and kind companionship while transporting clients to their appointments and commitments. Since the Oceanside area is located between Nanaimo and Comox hospitals and needed medical specialists, as well as ferries and airports, most rides are to these locations. Local appointments and assistance is provided as well. This particular area of the country has been a haven for retirees in the past and continues to grow with more and more baby-boomers. Sadly time and loss bring aging for us all. Many of the residents of this area are left without transportation. Driving Miss Daisy fills that gap.
