# Our Story

All Clean has been in business since 2006 providing cleaning services for residential homes, apartments, and vacation rentals.

For the first six years, the business operated on the Sunshine Coast of BC. Since 2012, we have focused exclusively on central Vancouver Island, where the business currently operates from Ladysmith to Qualicum Landing.

From a modest beginning of just one employee and a handful of clients, we now clean an average of 74 homes per week with a team of 15 full and part time employees.

Strong relationships, positive word of mouth, and an effective marketing system have created a company with substantial and consistent sales growth year after year.
